Product details

Article number:	WAP0500110TOEU
Condition:	new New: a brand-new, unused.
Available:	ready for shipping
Price:	299,00 € (nett:251,26 €)

Product description

A kitchen appliance that makes a statement – clear in form, precise in function. Smeg's iconic 50s look meets the puristic design language of Porsche: matte black accents on the handle, base and spout, plus the characteristic Porsche stripe on the casing.

With a capacity of 1.7 litres, it is ideal for every need, from breakfast to five o'clock tea. The soft opening lid opens gently, and a removable stainless steel limescale filter keeps the water clean. With automatic switch-off at 100°C and a 360° base, it lives up to its promise – functional, versatile, stylish. 1.7-litre volume – enough for seven cups. 360° base with non-slip feet. Indicator light integrated into the switch. Kettle model: KLF03. Lid with soft opening mechanism. Practical cable winding. Removable limescale filter made of stainless steel. Water level indicator on the rear.

Material 60% cast aluminium/31% plastic/8% stainless steel/1% other materials Care Instructions To maintain the kettle, clean the exterior regularly after each use, once it has cooled. Use a damp cloth and avoid steam jets, abrasive detergents, or metal scrapers as they may damage surfaces. For the filter, remove it by opening the lid, rinse under running water with a soft brush, and reinsert it. Regular descaling extends the kettle's lifespan and optimizes performance; use a descaling product following its instructions, or a natural method with vinegar. For hard water or frequent use, descale more often to prevent scale buildup. Consider using filtered water for better results.
