Product description

HEAD carbon ski poles. Thanks to their technologically advanced carbon construction, the poles are exceptionally lightweight while offering maximum durability and strength. The ergonomic rubber grip and adjustable Velcro strap fit perfectly with gloves, while the carbide tip ensures optimal grip even on hard snow. Mini racing baskets complement the aerodynamic design inspired by Porsche motorsports. PORSCHE

HEAD in a technologically advanced carbon fibre construction Lightweight without compromising durability and strength Ergonomic rubber grip and adjustable Velcro strap Carbide tip for maximum grip Aerodynamic design
