### Product description

The Porsche Head men's ski jacket combines exclusive, sporty design with the functionality you need on the slopes. Made from high-quality materials, the jacket is not only warm but also windproof and waterproof, ensuring comfort in all weather conditions. The main material consists of 88% polyester and 12% elastane, which ensures flexibility and durability, while the additional elements and lining are made of 100% polyester, which guarantees good thermal insulation.

The jacket is equipped with a detachable hood and snow skirt, which increases its practicality and adaptability to conditions on the slopes. The black and red colour scheme adds a dynamic character to the jacket, emphasising the sporty style of the Porsche brand. Ideal for men who value a combination of functionality, comfort and elegant appearance during winter activities.
