Discount:	40%
Available:	availability on request
Price:	756,84 € (nett:636,00 €)

Product description

The radiator fan for the Porsche Taycan, including console and specifically for the right-hand side, is an essential component for the efficient cooling of the vehicle engine. This used original Porsche part is in very good condition and undamaged, ensuring reliable and long-lasting performance.

The radiator fan plays a crucial role in maintaining the optimum operating temperature of the engine by ensuring continuous air circulation through the radiator. This prevents overheating and contributes to improving the overall performance and efficiency of the vehicle.

The part numbers for this specific model include PAD121205A, 9J1121205D, 9J1121205C and 9J1121205B. These numbers confirm the authenticity and compatibility of the radiator fan with the Porsche Taycan, making it much easier to find and compare replacement parts.

As an original Porsche part, this radiator fan guarantees a perfect fit and functionality that is specifically tailored to the requirements and specifications of the Porsche Taycan. Installation is simplified by the included bracket, which ensures additional stability and secure mounting.

In summary, this radiator fan is an excellent choice for Porsche Taycan owners who value quality, reliability and originality. It offers an effective solution for heat dissipation, contributing to the longevity and optimal performance of the vehicle.
